

**Setting cleaning standards that are second to none!**

## Additional Services

Working with an established network of proven suppliers Monthind is able to offer a single source of supply for an extensive range of additional services and consumable products which complement our cleaning services.

The supply and management of these services are co-ordinated by the dedicated team who manage your cleaning contract and are offered with the benefit of an economy of scale made possible by our considerable buying power.

They include the following ...

- **Washroom Supplies**
- **Sanibins and Vending Machines**
- **Air Fresheners**
- **Hand Driers**
- **Roller Towels**
- **Barrier Matting**
- **Pest Control**
- **Babycare Services**
- **Waste Management & Recycling**
- **Clinical Waste Disposal**

**“Our cleaning staff are our greatest asset and we treat them as such!”**

## Washroom Supplies

We have specifically selected a range of paper and soap products which are user friendly and give a quality image to your premises. Our paper products are made from at least 90% recycled fibre, and our soap products are fully water soluble and degradable.

Monthind can supply and fit product dispensers in your premises, as well as ensuring prompt replacement of any broken or damaged dispensers. A viewing slot in the dispenser ensures constant product delivery and enables a quick visual check to be made of the supply. Our cleaning staff will replenish your dispensers as part of their cleaning duties, and ensure regular stock supplies are ordered.

Monthind is also able to supply all types of washroom paper products, hand-cleaners and soaps, alcohol gels, detergents, dishwashing products, refuse sacks, bin liners and vending cups.

### Paper Towels

Working in partnership with our suppliers Monthind is able to supply the most efficient and cost effective paper towel dispensing system available - the Aqua system.

- **User friendly and delivering a quality image**
- **Controlled and hygienic dispensing**
- **One pull-one sheet control guaranteeing a fresh sheet every time**
- **Viewing slot provides low maintenance and ensures a constant tissue supply**
- **Modern efficient design**

### Bulk Pack Toilet Paper

All bulk packs are bonded along both edges to enhance customer confidence and ensure a complete 2 ply tissue is dispensed every time. All toilet paper is cold water soluble to minimise level of waste and the blocking of drains.

### Hand Cleaning Dispenser

The advanced high capacity refill cartridges supplied with the system control usage, reduce spillage, improve hygiene standards and provide a clean economic option. The efficiency of the system is made possible by the design of the cartridge which gradually collapses as the product is dispensed thus avoiding drips and wastage.

# Washroom Services

## Sanibin & Vending Machines

A range of modern sanitary units, available from Monthind to meet your specific needs including...

- **Standard and compact units**
- **Slimline pedal-operated bins**
- **Non touch bins**
- **Stainless steel bins**

Units are sterilised at 130°C at our dedicated service centre and our operatives discreetly utilise special carriers when removing or relocating bins from your facility.

Monthind is also able to provide a full range of vending machines for the commercial supply of sanitary and related products with back-up supplies if required.

## Air Fresheners

Monthind is able to provide automatic air fresheners on either a rental basis, fully maintained and serviced, or as an outright purchase. Our units are

discreet and can be located wherever required, providing neutralisation of undesirable odours.

As the units are battery operated, they can be installed in almost any location without the need for mains electric supply. With flexible programming options, the units can be adjusted to allow fragrance delivery and odour control to be matched to the location conditions.

With a choice of fragrances, your units can be tailored to suit your company profile.

## Hand Driers

A range of automatic infrared hand driers is available from Monthind, providing safe, hygienic and easy to maintain non-contact hand drying facilities.

The infrared device is automatically activated when hands are placed within 35cm of the sensors and provides an efficient drying time of 25 seconds. In-built safety features ensure that, if the dryer is accidentally activated, the unit turns itself off within a few minutes.

Additional features include...

- **Vandal proof construction**
- **Scratch and cigarette burn resistance**
- **Adjustable sensor range**
- **Drip proof protection**
- **Low noise levels**

## Roller Towels

The users' number one choice, and an environmentally sound solution which creates no waste from paper towels and consumes no energy in operation.

We have selected a modern cabinet design that totally separates the clean and soiled sections of the towel and provides easy access for towel renewal.

The service for delivery and installation of replacement towels is available on a flexible basis to meet your level of usage and each cabinet provided is supplied with one spare towel free on loan.

# Facilities Services

## Barrier Matting

70-80% of the dirt found in your premises has been brought in from outside. The correct specification of matting and an effective servicing programme not only reduces the dirt in your building but also cuts the overall cost of cleaning and maintenance.

A range of mats is available to meet your needs along with an advisory service, and ongoing maintenance. Mats can also be supplied with your company logo giving the maximum visual impact in your reception areas.

## Pest Control

Working in partnership with our supplier Monthind is able to provide and co-ordinate a comprehensive solution for the control of pests, which pose a threat to the working environment, are unhygienic and can cause damage to your property

Tailored services are also available to control unwanted incursions of any other potential pests such as rabbits, moles, squirrels, feral cats, pigeons etc.

The range of services available include...

- **Rodent and insect control**
- **Bird proofing**
- **Flying insect control units**

## Babycare Services

Everything you require to equip a baby changing facility is available through Monthind. We are able to provide nappy vending machines, baby changing stations and nappy disposal bins. We can also provide a support service for the re-stocking of vending machines, air fresheners and for the removal of waste.

## Waste Management and Recycling

Monthind welcomes the chance to assist customers with their refuse disposal and recycling needs. Our partner suppliers are licensed to dispose of a broad range of hazardous waste in keeping with the Environmental Protection Act, which is enforced through the allocation of a Waste Transfer Notice held by Monthind

# Clinical Waste

clinical waste.

A comprehensive range of bins, disposable units and storage containers are available to meet the needs of managing and disposing of

## Sharps Containers

For the safe disposal of needles, razors, scalpels and other sharps. Produced to BS7320:1990 enabling total, environmentally acceptable incineration.

## Clinical & Medical Waste Bins

A range of one trip, sealable, tamper proof and leak resistant containers. Available in various sizes, extremely robust and environmentally acceptable for incineration.

## Nappy Disposal Bins

A range of options providing a solution for varying volumes of nappy disposal

- **Pedal operated step-on bins with 45 or 68 litre capacity**
- **Medical bins with 50 or 65 litre capacity**
- **Yellow wheeled and lockable bins ranging from 240 litre to 1100 litre capacity**

# Health and Safety

Monthind operates with a published Health and Safety Policy and each member of staff is issued with a Health and Safety manual, which ensures all staff and clients operate, and members of the public function, in a safe environment.

Our key staff are NEBOSH (National Examination Board of Occupational Safety and Health) qualified and are members of IOSH (Institute of Occupational Safety and Health).

We expect the same high standards of Health and Safety compliance from all of our business partners. On an annual basis we audit all risk assessments, COSHH assessments, policies, waste licences and insurance details of our suppliers to ensure full compliance with all aspects of their service.

Regular review meetings are held with all business partners to ensure we are providing our clients with the best available service, and to discuss innovations and new technology.

# Regulatory Paperwork

Monthind maintains all the relevant paperwork pertaining to our services, on behalf of our clients. This includes Duty of Care documentation for waste disposals, and any relevant environmental paperwork, such as Waste Transfer Notes.

In this manner we ensure that the services we provide fulfil any obligations under the Environmental Protection Act 1990, and copies will be available for inspection by the regulatory authorities.
